Education

Graphic Era Hill University Dehradun, India

Bachelor of Technology in Computer Science Engineering – CGPA: ***7.15*** *2023 – 2027*

Technical Skills

Programming Languages: C, C++, Java, JavaScript, SQL

Frontend: HTML, CSS, React.js, Tailwind CSS, DaisyUI

Backend: Node.js, Express.js

Databases: MongoDB, MySQL

Tools: Git, GitHub, Visual Studio Code

Core CS: Data Structures and Algorithms, Object-Oriented Programming, DBMS, Operating Systems, Computer Networks

Experience

Web Development Intern – Prodigy InfoTech Aug 1, 2026 – Aug 31, 2026

Remote

- Developed **5 web development projects** using HTML, CSS, JavaScript, and React.js with focus on responsive design and interactive user interfaces.
- Implemented reusable components, responsive layouts, navigation, forms, and interactive frontend functionality across project assignments.
- Used **Git and GitHub** for version control, source code management, and maintaining organized development workflows.
- Applied frontend development, debugging, responsive design, and problem-solving skills through hands-on project-based tasks.
- **Internship Certificate:** [**View Certificate**]

Projects

She Can Foundation NGO Website | React.js, Tailwind CSS, JavaScript *June 2026*

- Developed a fully **responsive NGO website** to showcase organizational initiatives, events, and impact across desktop and mobile devices.
- Built reusable **React.js components** and structured UI sections using **Tailwind CSS** to improve consistency and maintainability.
- Implemented website navigation, contact forms, and structured content sections to provide a functional digital presence for the organization.

Swift Talk – Real-Time Chat Application | React.js, Tailwind CSS,DaisyUI *Sep 2025 - Nov 2025*

- Built a responsive chat application with conversation management and interactive messaging workflows.
- Developed reusable React.js components including chat windows, sidebars, user lists, and message bubbles for a modular interface.
- Designed a responsive dark-themed UI using **Tailwind CSS and DaisyUI** for consistent usability across screen sizes.

Compiler Visualizer | React.js, JavaScript, HTML, CSS *Feb 2026 - May 2026*

- Developing an interactive compiler visualization tool covering **lexical analysis, parsing, and intermediate code generation**.
- Designing dynamic components that present compilation phases through a step-by-step visual execution flow.
- Converting complex compiler concepts into an interactive interface to improve understanding of compiler design concepts.

Achievements & Leadership

- Solved **150+ Data Structures and Algorithms problems** across LeetCode and GeeksforGeeks.
- Completed a project-based **Web Development Internship at Prodigy InfoTech** with practical experience in frontend development and responsive web design.
- Served as **Media Department Head – Freshers Party 2024** at Graphic Era Hill University, leading the media team in planning, coordinating, and managing event coverage and promotion.
- Delegated tasks based on team members' strengths and managed priorities under fixed deadlines.
